

# ENERGY STAR CERTIFIED Computers (Bold)

## HP - HP Chromebook x360 14 inch ENERGY STAR : 14c-cd

### Specifications

|                                                  |                                        |
|--------------------------------------------------|----------------------------------------|
| ENERGY STAR Unique ID:                           | 2398170                                |
| Brand Name:                                      | HP                                     |
| Model Name:                                      | HP Chromebook x360 14 inch ENERGY STAR |
| Model Number:                                    | 14c-cd                                 |
| Type:                                            | Notebook                               |
| Category 1: Processor Brand:                     | Intel                                  |
| Category 1: Processor Name:                      | i3-1215U                               |
| Category 1: Base Processor Speed Per Core (GHz): | 1.2                                    |
| Category 1: Physical CPU Cores (count):          | 6                                      |
| Category 1: System Memory (GB):                  | 8                                      |
| Category 1: Default Low-power Mode:              | ALPM                                   |
| Category 1: Long Idle Power Used for Sleep Mode: | Yes                                    |
| Category 1: Off Mode (watts):                    | 0.3                                    |
| Category 1: Sleep Mode (watts):                  | 0.5                                    |
| Category 1: Long Idle (watts):                   | 0.5                                    |
| Category 1: Short Idle (watts):                  | 4.8                                    |
| Category 1: Base TEC Allowance (kWh):            | 8                                      |
| Category 1: Functional Adder Allowances (kWh):   | 13.5                                   |
| Category 1: TEC of Model (kWh):                  | 15.2                                   |
| Category 2: Processor Brand:                     | Intel                                  |
| Category 2: Processor Name:                      | i5-1235U                               |
| Category 2: Base Processor Speed Per Core (GHz): | 1.3                                    |
| Category 2: Physical CPU Cores (count):          | 10                                     |
| Category 2: System Memory (GB):                  | 16                                     |
| Category 2: Default Low-power Mode:              | ALPM                                   |
| Category 2: Long Idle Power Used for Sleep Mode: | Yes                                    |
| Category 2: Off Mode (watts):                    | 0.4                                    |
| Category 2: Sleep Mode (watts):                  | 0.5                                    |
| Category 2: Long Idle (watts):                   | 0.5                                    |
| Category 2: Short Idle (watts):                  | 5.2                                    |

|                                                                                                                                                                  |                                                   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------|
| Category 2: Base TEC Allowance (kWh):                                                                                                                            | 14                                                |
| Category 2: Functional Adder Allowances (kWh):                                                                                                                   | 15.8                                              |
| Category 2: TEC of Model (kWh):                                                                                                                                  | 16.6                                              |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 2,1                                               |
| Category 1: Operating System Name:                                                                                                                               | Chrome                                            |
| Category 2: Operating System Name:                                                                                                                               | Chrome                                            |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 9                                                 |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 9                                                 |
| Ethernet Capability:                                                                                                                                             | No                                                |
| Touch Screen:                                                                                                                                                    | Yes                                               |
| Date Available On Market:                                                                                                                                        | 2023-02-13                                        |
