## Specifications

|                                                                                                                                                                  |                                                 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 3387776                                         |
| Brand Name:                                                                                                                                                      | Cybernet Manufacturing Inc                      |
| Model Name:                                                                                                                                                      | CyberMed                                        |
| Model Number:                                                                                                                                                    | CyberMed G22*****                               |
| Type:                                                                                                                                                            | Integrated Desktop                              |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | Desktop I2 or Integrated Desktop 2              |
| Category I2: Processor Brand:                                                                                                                                    | Intel                                           |
| Category I2: Processor Name:                                                                                                                                     | Core i7                                         |
| Category I2: Operating System Name:                                                                                                                              | Windows 10                                      |
| Category I2: Physical CPU Cores (count):                                                                                                                         | 4                                               |
| Category I2: Base Processor Speed Per Core (GHz):                                                                                                                | 3.0                                             |
| Category I2: System Memory (GB):                                                                                                                                 | 64                                              |
| Category I2: Default Low-power Mode:                                                                                                                             | Sleep Mode                                      |
| Category I2: Long Idle Power Used for Sleep Mode:                                                                                                                | No                                              |
| Category I2: Off Mode (watts):                                                                                                                                   | 0.6                                             |
| Category I2: Sleep Mode (watts):                                                                                                                                 | 2.0                                             |
| Category I2: Long Idle (watts):                                                                                                                                  | 6.5                                             |
| Category I2: Short Idle (watts):                                                                                                                                 | 18.7                                            |
| Category I2: Base TEC Allowance (kWh):                                                                                                                           | 27                                              |
| Category I2: Functional Adder Allowances (kWh):                                                                                                                  | 58.3                                            |
| Category I2: TEC of Model (kWh):                                                                                                                                 | 63.6                                            |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 30                                              |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 15                                              |
| WOL (Wake on LAN) From Sleep:                                                                                                                                    | Shipped Enabled When Operating on Ac Power Only |
| Will the Speed of Any Active 1 GB/s or Higher Ethernet Network Links be Reduced to Less Than 1 GB/s When Transitioning to Sleep or Off Mode?:                    | Yes                                             |

|                           |                                                   |
|---------------------------|---------------------------------------------------|
| WLAN Capability:          | Yes                                               |
| Ethernet Capability:      | Yes                                               |
| Bluetooth Capability:     | Yes                                               |
| Touch Screen:             | Yes                                               |
| Date Available On Market: | 2024-01-22                                        |
| Date Certified:           | 2024-01-29                                        |
| Markets:                  | United States, Switzerland, Taiwan, Japan, Canada |
| ENERGY STAR Certified:    | Yes                                               |
