

# ENERGY STAR CERTIFIED Computers

Panasonic - FZ-G2C\*\*\*\*\* : FZ-G2C\*\*\*\*\*

## Specifications

|                                                                                                                                                                  |                         |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 2382375                 |
| Brand Name:                                                                                                                                                      | Panasonic               |
| Model Name:                                                                                                                                                      | FZ-G2C*****             |
| Model Number:                                                                                                                                                    | FZ-G2C*****             |
| Type:                                                                                                                                                            | Two-In-One Notebook     |
| Category 2: Processor Brand:                                                                                                                                     | Intel                   |
| Category 2: Processor Name:                                                                                                                                      | Core i5,Core i7         |
| Category 2: Base Processor Speed Per Core (GHz):                                                                                                                 | 1.6                     |
| Category 2: Physical CPU Cores (count):                                                                                                                          | 6                       |
| Category 2: System Memory (GB):                                                                                                                                  | 32                      |
| Category 2: Default Low-power Mode:                                                                                                                              | Modern Standby          |
| Category 2: Long Idle Power Used for Sleep Mode:                                                                                                                 | Yes                     |
| Category 2: Off Mode (watts):                                                                                                                                    | 0.3                     |
| Category 2: Sleep Mode (watts):                                                                                                                                  | 1.6                     |
| Category 2: Long Idle (watts):                                                                                                                                   | 1.6                     |
| Category 2: Short Idle (watts):                                                                                                                                  | 4.3                     |
| Category 2: Base TEC Allowance (kWh):                                                                                                                            | 14                      |
| Category 2: Functional Adder Allowances (kWh):                                                                                                                   | 17.6                    |
| Category 2: TEC of Model (kWh):                                                                                                                                  | 18.2                    |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 2                       |
| Category 2: Operating System Name:                                                                                                                               | ,Windows 10, Windows 11 |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 10                      |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 10                      |
| WOL (Wake on LAN) From Sleep:                                                                                                                                    | Shipped Disabled        |
| Will the Speed of Any Active 1 GB/s or Higher Ethernet Network Links be Reduced to Less Than 1 GB/s When Transitioning to Sleep or Off Mode?:                    | No                      |
| Ethernet Capability:                                                                                                                                             | Yes                     |

|                           |                               |
|---------------------------|-------------------------------|
| Touch Screen:             | Yes                           |
| Date Available On Market: | 2022-02-01                    |
| Date Certified:           | 2021-07-21                    |
| Markets:                  | United States, Taiwan, Canada |
| ENERGY STAR Certified:    | Yes                           |

|                              |
