## Data Center Storage

HPE - HPE MSA 2070 LFF FC; HPE MSA 2070 LFF iSCSI;  
HPE MSA 2070 LFF SAS : HPE MSA 2070 LFF FC; HPE MSA  
2070 LFF iSCSI; HPE MSA 2070 LFF SAS

### Specifications

|                                                            |                                                                   |
|------------------------------------------------------------|-------------------------------------------------------------------|
| ENERGY STAR Unique ID:                                     | 3943420                                                           |
| ENERGY STAR Partner:                                       | Hewlett Packard Enterprise                                        |
| Brand Name:                                                | HPE                                                               |
| Model Name:                                                | HPE MSA 2070 LFF FC; HPE MSA 2070 LFF iSCSI; HPE MSA 2070 LFF SAS |
| Model Number:                                              | HPE MSA 2070 LFF FC; HPE MSA 2070 LFF iSCSI; HPE MSA 2070 LFF SAS |
| Storage Model Connectivity:                                | Block I/O                                                         |
| Product Type:                                              | Disk Set Online 2                                                 |
| Storage Controller Configuration:                          | Scale-Up Storage                                                  |
| Storage Controller Advanced Data Recovery Type:            | RAID                                                              |
| Capacity Optimized Method Available (COMs):                | Thin Provisioning                                                 |
| Workload Optimization Type:                                | Streaming                                                         |
| Automated Storage Tiering Capable:                         | Yes                                                               |
| Automated Storage Tiering Enabled in Hardware on Shipment: | Yes                                                               |
| Markets:                                                   | United States                                                     |
| ENERGY STAR Certified:                                     | Yes                                                               |
