## Hewlett Packard Enterprise - HPE ProLiant DL345 Gen11 : HPE ProLiant DL345 Gen11

### Specifications

|                                                            |                            |
|------------------------------------------------------------|----------------------------|
| ENERGY STAR Unique ID:                                     | 3998222                    |
| ENERGY STAR Partner:                                       | Hewlett Packard Enterprise |
| Brand Name:                                                | Hewlett Packard Enterprise |
| Model Name:                                                | HPE ProLiant DL345 Gen11   |
| Model Number:                                              | HPE ProLiant DL345 Gen11   |
| Form Factor:                                               | Rack-mount                 |
| Resilient System:                                          | No                         |
| Available Expansion Slots:                                 | 6                          |
| Operating Systems Supported:                               | Windows, Linux, Other      |
| Power Saving Features Available:                           | Other                      |
| Product Processor Socket Count:                            | 1                          |
| Available DIMM Slots:                                      | 12                         |
| Maximum Memory Capacity (GB):                              | 6144.0                     |
| Installed Processors for Typical or Single Configuration:  | 1                          |
| Cores Per Processor Typical or Single Configuration:       | 96                         |
| Number of Threads for Typical or Single Configuration:     | 192                        |
| Processor Brand Typical or Single Configuration:           | AMD                        |
| Processor Model Name Typical or Single Configuration:      | EPYC 9654P                 |
| Processor Speed for Typical or Single Configuration (GHz): | 2.4                        |
| Num. of DDR Channels for Typical or Single Configuration:  | 6                          |
| Memory Speed Typical or Single Configuration (GHz):        | 4.8                        |
| Typical or Single Configuration Size Per DIMM (GB):        | 64                         |
| Installed Num. DIMMs for Typical or Single Configuration:  | 12                         |
| Installed Memory for Typical or Single Configuration (GB): | 768.0                      |

|                                                                            |                              |
|----------------------------------------------------------------------------|------------------------------|
| <b>Typical or Single Configuration Redundant Power Supply:</b>             | Yes                          |
| <b>SERT Active State Efficiency Score Typical or Single Configuration:</b> | 96.20                        |
| <b>SERT Version :</b>                                                      | Other                        |
| <b>SERT Version Other :</b>                                                | 2.0.8                        |
| <b>64-bit Architecture:</b>                                                | 64-bit supported             |
| <b>Date Available On Market:</b>                                           | 2022-11-10                   |
| <b>Date Certified:</b>                                                     | 2025-02-19                   |
| <b>Markets:</b>                                                            | United States, Japan, Canada |
| <b>ENERGY STAR Certified:</b>                                              | Yes                          |

## Additional Model Information

„TPS-W025, Regulatory Model Number
